

**The world's
largest automotive
refrigerant supplier**

Worldwide, Mexichem's Klea® 134a is used in over 20,000,000 new vehicles every year

Having established the world's first and largest commercial R-134a production plant, our continued success in the automotive sector is built on product quality, reliability and the highest levels of customer and technical support.

That's why Klea® 134a is trusted by many of the leading industry names, including:

- Ford
- Daimler
- GM
- Toyota
- TATA
- Jaguar Land Rover
- Honda
- Suzuki
- Hyundai
- Nissan

As well as a large share of the aftermarket servicing sector around the world.

Refrigerants

From mine to market...

Mexichem is the world's largest fully integrated manufacturer and supplier of refrigerants to the air conditioning and refrigeration industries.

From extraction of raw materials to manufacturing centres in Mexico, the USA and Japan, to deep expertise in technical support and product development, our “mine to market” approach ensures a secure, reliable supply and service for customers.

For the future...

Mexichem is investing in the development of reduced GWP products to enable end-users to meet regulatory requirements across the globe whilst maintaining the high safety and performance benefits offered by our current products.
